

Dear colleagues,

This is the second bulletin of the Members' Policy Forum and we have lots more to share with you. We're also delighted that more than 150 of you have signed up to the Forum so far; new additions are welcome at any time so please do share with your colleagues and trustees, [with more information available here](#).

- **Short survey** – we want to make the Forum as useful and relevant as possible, and so we are inviting you to fill in this short survey about your interests and current work. It should take no longer than 3 minutes to complete and will help us shape future communications and events. [Go to the survey here](#).
- **Child sexual exploitation and abuse: The policy landscape in 2019** – there are still spaces available at this event on **Wednesday 6 February, 10am-12pm at ACF**, chaired by Felicity Mallam, Director of the Samworth Foundation. We now have a full panel of expert speakers confirmed; [find out more and book here](#).
- **SORP consultation** – we have drafted a response to the [consultation](#) on the development of the SORP, and would value your feedback. Please see attached a confidential draft. If you have any comments, please let Max know by the end of the week at max@acf.org.uk
- **Scottish charity law** – the Scottish Government has opened a [consultation](#) on charity law, including a number of proposals put forward by OSCR. ACF is developing its approach and is in discussions with Scottish Grant Makers to support their work. If you'd like to discuss it with us, please contact Emma at emma@acf.org.uk

We'd be happy to discuss anything mentioned above and please do get in touch with any other issues.

Best wishes,

ACF Policy Team
